

# ***Applicator Master List***

Use this table to keep track of the certified applicators under your employment, including yourself. When completing an application record, you can save time by referencing this table.

Additional columns are provided to mark any product-specific training received. These trainings are only required if the applicator uses the corresponding products. Dicamba training must be taken *annually*; Paraquat training must be taken *every three (3) years*. Write the year training was taken in these two columns. For the 'Other Training' column, write any other product/active ingredient trained on, and the year trained.
