### Optional Information:

Application starting time \_\_\_\_\_ Temperature \_\_\_\_\_

Crop stage of growth \_\_\_\_\_ Wind direction and speed \_\_\_\_\_

Target pest \_\_\_\_\_ Soil conditions (wet, dry, cloddy, etc.) \_\_\_\_\_

Pest stage of growth \_\_\_\_\_ Relative humidity (low, med., high) \_\_\_\_\_

*Records of restricted use pesticide applications may be kept in any format. They may be handwritten on individual notes or forms, consist of invoices, be computerized, and/or be maintained in record keeping books. In Nebraska, retain records for three years after RUP application. Certified commercial applicators must provide their record of a restricted use pesticide application within 30 days to the person for whom such an application was provided.*
